### Presidents Report June/July 2014

Greetings to everyone,

We had our May meeting at Station 67, with 117, 4 Unit members present and 5 guests. Thanks to the girls from CME for the cookies and gifts they brought to pass out to the members. We will be sponsoring a golf outing for CME Credit Union,. A chance to win tickets will be held at the next monthly meeting at the Firefighters VFW. Date for the golf outing is September 15, 2014. The proceeds from the golf outing will help Local 67s Columbus Firefighters Foundation. We are also hosting a Golf outing for the Ohio Fallen Firefighter. The drawings for both outings will be held at the next monthly meeting. I would like to thank Jack Reall and the men from Local 67 for all of the courtesy extended to our members. Thanks to Lt. Garey Borgan and the crew from Ladder 1, Paul Deskins, Mark Foster, Ray Wine, Brian Morsadt, Todd Carl. and Harlan Henderson for all of the kindness shown. The meal they prepared for us was great.

At our May meeting we also made nominations for the upcoming election. John Sherman who has served as trustee for many years of dedicated service to us, is asking to be replaced. Phil Christ has asked to be considered for the trustee position. We will vote on this at the June meeting. Next year we will have several other positions that will most likely be vacated. These members have worked many years and now would like a break. Brothers, if we want this organization to continue, we are going to have some of you that have been on the sidelines to suit up and get in the game. I have been looking for a secretary for a year now. I thought we had one, but things did not work out. Many of those that have come before us have left us a great benefit, but this benefit takes people to make it flourish. Please take the next few months and consider stepping up and helping out. Some of these positions would need you to learn the job before taking it on. I want to thank Bob Elfilne and Bill Balthaser for stepping up to fill some vacant positions. Bob has taken over as Chairman of the

Banquet. Bill has done just about anything I have asked of him. Butch Blackburn has also asked to be replaced. We are sure going to miss his presence in the kitchen. Tom Troup has agreed step in and provide our lunches. Thanks to the members who have stepped up to help this organization continue to grow.

Work continues on the rosters and we are hoping to have them finished by the middle of August. Dr. Hassel will attend the June meeting to discuss health problems and answer any questions our members may have. He is not here to answer questions concerning insurance problems, so please refrain from asking.  
Fraternally, Gary Church.

#### May 2014 Vice President Report - Charlie Burkhart

In my last V.P. report given at the February 14 meeting and published on page 6 in the April/May 4 Unit News, I explained how our 3% COLA was indeed a contract between each of the retirees and the pension fund. In other words, the pension fund made an offer of giving the retiree a 3% COLA if we would give up adding our sick leave and vacation bank to our base pay; we accepted. So we have the three elements of a contract. (1) an offer from the P&FO, (2) an acceptance from the retiree and (3) a consideration (the vacation and sick leave money we gave up on our base pay).

Again, as I mentioned in the V.P. report in February if the PF&O would have made an offer that stated they may lower the 3% COLA to 2½% or maybe stop it altogether. Would any of us accepted that offer? I think not. At that same time it was negotiated that those employees who were not vested (15 years of service) would automatically receive the 3% COLA in lieu of adding their vacation and sick leave to their base. We didn't have a problem with this offer as over 90% of retirees were electing the 3% COLA.

Another bit of history of why the police and firefighters were allowed to add their vacation and sick leave to their base salary. When the 1986 pension laws were being negotiated, Capt. John Higgins of CFD, past president of Local 67 and the

Continued on page 3.

legislative agent for the Ohio Association of Professional Firefighters, lobbied the legislature to enable the police and firefighters to add their vacation and sick leave accumulation to their base salary. John stated the reason being the police and fire could only receive 72% max. of their highest 3 years average salary while all the other state pension funds could attain 100% of their salary after 40 years of service. As it was unrealistic that a police officer or firefighter could do the job for 40 years, John lobbied the legislature to allow us to add our accumulated sick leave and vacation to our base. So you can see this was not just something given to us by the P&FO. It was negotiated for and granted to us by the legislature. All you active people don't let this 3% COLA be taken from you.

Oh, by the way, John Higgins also negotiated the largest pay raise we ever received at that time...10% This was in the early 1960s.

Al Allen is looking into possible ways to backup all of our computer information due to the problems we have been having regarding our 4 Unit Website. John Sherman's position as Trustee is up this year. After many years of working for our members John is not going to run again. His position will need to be

filled. We will be taking nominations at the May meeting. The elections will be at our June Meeting. Dr. David Hassel would like to attend one of our meetings and discuss men's health issues. The members voted and agreed to invite Dr. Hassel to one of our meetings,. Date to be determined. Tom Christ says the Credit Union is looking for pictures for the upcoming calendars. But a release would need to be given to the Credit Union to use any pictures you might provide.

**CHAPLAIN'S CORNER**

**Larry Baker**

1 Timothy 2:1-4 (NRSV)

*1 First of all, then, I urge that supplications, prayers, intercessions, and thanksgivings be made for everyone 2 for kings and all who are in high positions, so that we may lead a quiet and peaceable life in all godliness and dignity. 3 This is right and is acceptable in the sight of God our Savior, 4 who desires everyone to be saved and to come to the knowledge of the truth.*

O late I've been bothered by the very blunt (and to me, offensive) malicious statements of many about our various political leaders. No I'm not implying that we cannot disagree with elected officials, but there is a proper way to express our sentiments to them. In fact I encourage folks to communicate their feelings and ideas to those who govern us. But in the end, if we trust in God, we are directed to pray for them. Note in the text the fourth type - thanksgiving; when was the last time you said to God, "Thanks for giving me governor, president or senator NAME." Often in corporate worship we offer intercessions and supplications for our governing officials both in this country and around the globe. Luther stated that these folks were sent to us by God so that we might live in safety, security and order.

Try it! You might be surprised how it alters your outlook on the whole political spectrum when you pray for others, even those you disagree with.

Peace be with each of you this summer.

HUMOR: Only in America...do people order double cheeseburgers, large fries, and a Diet Coke.  
Only in America...do banks leave vault doors open and then chain the pens to the counters.  
Only in America...do we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage.  
Only in America... do we buy hot dogs in packages of ten and buns in packages of eight.

Director John Gallagher reported that David Witner was unopposed in his bid to serve another four-year term on the Board of Trustees. His new term will expire on May 31, 2018. He has served as a Board member since 6/7/2010.

**DISABILITY COMMITTEE**

- Ø There were 13 Initial Determination Hearings (IDH) this month. The recommendations were 11 for approval, 1 denied, and 1 postponement.
- Ø There were no reconsideration hearings.
- Ø There were 6 appeal hearings. All were approved.
- Ø There were 5 Death Benefit Fund consideration hearings. The recommendation was for 3 approvals and 2 dis-approvals.
- Ø The committee reviewed the 2014 1<sup>st</sup> quarter disability report.

**BENEFITS COMMITTEE**

- Ø The committee reviewed the 1<sup>st</sup> quarter 2014 DROP Experience report.
- Ø There were 3,543 members in DROP as of March, 2014. The total includes 1,708 with less than 3 years, 571 with 3-4 years, 447 with 4-5 years, 265 with 5-6 years, 307 with 6-7 years, and 245 with 7-8 years.
- Ø Through March 2014, the average number of years in DROP at termination is 6.18 years.

**HEALTH CARE COMMITTEE**

- Ø Geoff Rensi of UHC presented a memo to the Committee recounting pharmacy and medical appeals over a 12 month period. The breakdown was as follows:

**Pharmacy**

First Level Appeals: Overturned (8), Partially overturned (1), Upheld (39), Withdrawn (7)  
Second Level Appeals: Upheld (3)

**Medical**

First Level Appeals: Overturned (14), Partially overturned (2), Upheld (23), Withdrawn (31)  
Second Level Appeals: Overturned (1), Upheld (1), Withdrawn (2)

- Ø Buck Consultants presented the “Development of 2015 Health Care Costs and Contributions.” Based upon medical and prescription cost projections for 2015 and following the Fund’s subsidy guidelines, the recommendation to the Board was for a medical premium increase of 4% and a prescription plan premium increase of 1.9% beginning in January 2015. The medical premium increase applies to those healthcare plan participants who are non-Medicare/non-AARP. The increase to the prescription plan is for all plan participants. Following much discussion, the Board ultimately approved increases of 3.5% for the medical and 1.9% for the prescription plans. Premium increases, if any, to the AARP plan will be made later this year.
- Ø Geoff Rensi of UHC made a short presentation regarding the different types of “Healthcare Exchanges” along with some of their positive and negative benefits.
- Ø There was also some discussion about the Fund’s health plan eligibility guidelines and enrollment opportunities. Trustee Deighton said that he would like to work with staff to investigate the possibility of looking into some enrollment exceptions applicable to unusual situations.

**Commentary**

The PFRO has long advocated that there should be some method to appeal some instances where members and/or dependents have lost their ability to participate in the Fund’s healthcare plans and are outside of the enrollment opportunities. We are hopeful that some process can be developed to examine more closely the reasons for the

loss of coverage, and if justified, enable the members to regain coverage.

The next Board meeting will be May 20 and 21.
